## M.C. Video Production

Marianne has one of the best creative eyes I have ever seen. Her ability to create and memorialize your special day is astonishing. Her 5-6 hours of coverage turns into a 50 hour work week. It truly shows her professionalism and love for video. Professional top quality commercial grade camcorders are used to film your Wedding day. These cameras are rated #1 in the video production industry making the DVD of your Wedding day crystal clear and vibrant in color on your TV screen! As Aaron Siskind said *“Videography is a way of feeling, of touching, of loving. What you have caught on film is captured forever. It remembers little things, long after you have forgotten everything.”*
